234. SHRIMTI ANANDIBEN JETH-ABHAI PATEL: Will ehMinister of FINANCE be pleased to state:

(a) what action Government have taken to curb price rise of essential commodities;

(b) the suceess achieved; and

c) wheter it is a fact tat Blackmarket-ers, oarders and some high-ranking officers are responsible for tis price rise?

THE MINTTER. OF STATE IN THE MINISTRY OF FINANCE (M. V. CHANDRASHEKHAR MURTHY); (a) to (c) A number of steps have been taken to contain the price rise of essential commodities. The pfrice of wheat has been stablised at last year's level th rough open market sate of over 1.4 million tonnes from public stocks by FCI. Open market sale of rice from public stocks is likely to pick up after the Government reduced the open mar-ket sale price from January 1995. Pitt ing import of sugar under OGL at zero duty and import of nearly 10 lakh tonnes by Government for public distri bution system has helped *in* bringing down price of sugar which is now margjnaly lower than last year. Import of palmolein oil was placed on OGL in April, 1994. About 1.07 lakh tonnes of palmolein was imported at concessional duty of 20 per cent for aug menting supplies to through PDS. Re-cently,effective March 1995 all major edible oils (except coconut oil) wers Placed on OGL at reduced duty of 30 per cent, all the supply side policy meas ures taken so far are likely to bring about modernisation in the inflation rate. The Government remains vigilant in ensuring adequate availability of essential comm odities, particularly rice, wheat, sugar and edible oils and will not hesitate to augment supplies through haports to vjew of comfortable foreign exchange reserves. Hence there is no scope for hoarders and backmarketeers in influen cing the market price of such commodi ties.
